Journey

Yazibası Factory / Izmir

Growth is an
endless
journey
for us...

Established in 1996, Ege Home Products started its commercial activities with ironing boards, cloth dryers and step ladders. Over the years, the company has gained an advantage against its competitors thanking to its additional investments and production based on quality within a 75.000 m² closed area.

With the outcome of its investments and quality-oriented production mindset, Ege Home Products has become a leader and maintains its success both in national and international competitive market. The company makes an export to over 120 countries with its 26 years industrial experience and aims to continue its growth & success journey for many years.

Ege Home Products has a prioritized policy of providing a level of quality which meets our customers need and expectations within the scope of national and international standarts and legal regulations. While it maintains the sustainability it also completely fulfills all of its duties on awareness in environment and nature.

Providing the product in the desired manner can only be achieved by emphasizing creativity, innovation and R&D. In order to increase the effectiveness of the new product development process our Research and Development team consistently follows the latest houseware novelties within the context of modernization. We are reaching our targets with the awareness of continuous improvement by following the regulations of Quality Management System. With the power of customer demands, our company improves itself with fast, efficient and high-quality solutions for self-renewing and certified its quality level with GS; ISO 9001: 2015; TSE; ICS and BSCI.

Torbali Factory / Izmir

Export

Being proud
to be an
export leader
in the
sector...

Ege Ev Products holds its leadership in houseware field for many years with the strength of its 26 years experience in local and international market, thanks to its quality focus approach towards production and new investments.

Growth is an endless journey for the company which facilitates its operations within a 75.000 m² closed area, exporting to more than 120 countries.

Nature

Respectful to
nature
Sensitive to
nature...

Ege Home Products has a prioritized policy of providing a level of quality which meets our customers need and expectations within the scope of national and international standarts and legal regulations. While it maintains the sustainability it also completely fulfills all of its duties on awareness in environment and nature...

Quality

Good
quality
is never won
by chance...

In order to increase the effectiveness of the new product development process our Research and Development team consistently follows the latest houseware novelties within the context of modernization.

We are reaching our targets with the awareness of continuous improvement by following the regulations of Quality Management System.
